

Supplementary List of Significant Wetlands – Murray Unregulated WSP 2024

Supplementary List of Significant Wetlands - Murray Unregulated WSP 2024

Wetlands may be nominated by more than one source, including the Directory of Important Wetlands in Australia (DIWA), the Murray-Lower Darling Long Term Water Plan (LTWP) and Department of Planning and Environment – Environment and Heritage Group (EHG).

This list of all nominated wetlands includes the items in a shorter list of officially named wetlands in Schedule 4 of the draft water sharing plan.

A named wetland may be listed more than once if the nomination is for multiple identified areas.

Some wetlands that are at least partly in the regulated NSW Murray river system are listed here.

Area is rounded to the nearest 0.01 km² so wetlands less than 0.5 hectares in size will display an area of 0.00 km².

#	Wetland name	Nomination	Tenure	Area (km ²)	Latitude	Longitude
1	390 MILE LAGOON	LTWP	State Forest	0.05	-35.773092	144.356232
2	8-MILE LAGOON	LTWP	Freehold	0.24	-35.817822	145.44074
