**To:** [DPIE W Regional Water Strategies Mailbox](#)  
**Subject:** Your submission for North Coast Regional Water Strategy  
**Date:** [REDACTED]

---

### 1. Information on confidentiality and privacy

I give my permission for my submission to be publicly available on the NSW Department of Planning, Industry and Environment website.: Yes

I would like my personal details to be kept confidential.: No

### 2. Your details

Email address: [REDACTED]

Name: [REDACTED]

Address: [REDACTED]

Contact phone number: [REDACTED]

Do you identify as an Aboriginal person?: No

Are you an individual or representing an organisation?: Organisation

### 3. Organisation or business details

Who do you represent?: Other

If you selected Government, please clarify.: Local

If you selected Peak representative organisation, please clarify.:

### 4. Draft Regional Water Strategy objectives and vision

Do you support this vision for the North Coast Regional Water Strategy? : No

If no, please outline your vision for the long term management of water resources in this region?: Let nature be nature, stop developing and expanding these areas. Go inland and build somewhere that can handle it. Don't play with nature or build in flood plains. Very simple

### 5. Information and modelling used to develop the North Coast Regional Water Strategy

Do you have any comments about the information used to develop this strategy?: No good

Please be content with what we have! I know you are not from a

Please provide details if there is additional information you think we should consider?:

small town or come from here.... you may of recently moved here but see how locals love and have adapted over time don't change our way of life please espacially not for money. 7 deadly sins and council/government body's seem to carry all 7

## **6. Stochastic modelling method**

Do you have any comments about the modelling method used to develop this strategy?:

No good we don't want to be like new castle or port Mac stop pressuring it

Is there any additional information that you believe could help us assess the benefits and disadvantages of draft options?:

Stop altering the course of nature and the way trees grow and sand flows stop building houses on the dunes and coast beach areas and blocking wind patterns...

## **7. Opportunities and challenges for water management in the North Coast region**

Do you have any comments on the opportunities, risks and challenges identified?:

Are there any additional opportunities, risks and challenges that we should consider and what options could address these?:

## **8. Draft North Coast Regional Water Strategy options**

Which five (5) options do you think are most important?:

Please comment on why you think these options are most important? :

Which five (5) options do you think are least important? (If any):

Please comment on why you think these options are least important? :

Do you have any comments on the draft options?:

## **9. Option combinations**

Do you have any thoughts on how the options could be combined with other options?:

Are there additional options that we should consider?:

## **10. Other comments**

Do you have any other  
comments about the North  
Coast Regional Water  
Strategy?:

No train from Moree to the coast

**11. Referral**

How did you hear about the  
public exhibition of this  
strategy?:

Social media , Other

**12. Additional information**
